

## HARD SURFACE ROADS

Parents and Students:

We have prepared routes if the need arises to use hard surface roads only. The times and stop locations have been handed out to the students and added to the school webpage. If the need arises, you will be notified through our JMC Message Center, on our weather alert stations, and by your student. Students can either be brought to one of the bus stop locations, or just brought to the school. The times on the route sheets are just approximate; please note that the buses can't stop traffic for very long, so please be prompt. If there is no one to pick up a student at their stop after school, they will be brought back to the school SOAR program. If you have any questions, please contact the school or the bus barn at 641/756-3868.

### Mark:

Jersey & 210 <sup>th</sup>	7:30	3:50
Highway 14 & 230 <sup>th</sup>	7:36	3:56
